

The Tempest - Story of a Ship In a Storm

Prospero is Duke of Milan.

His daughter is Miranda.

Prospero spends his time reading books not being Duke.

His brother, Sebastian, plans to become Duke.

One night Sebastian and his friends take Prospero and Miranda out to sea.

They leave them in a boat.

A kind man (Gonzalo) leaves food, water,

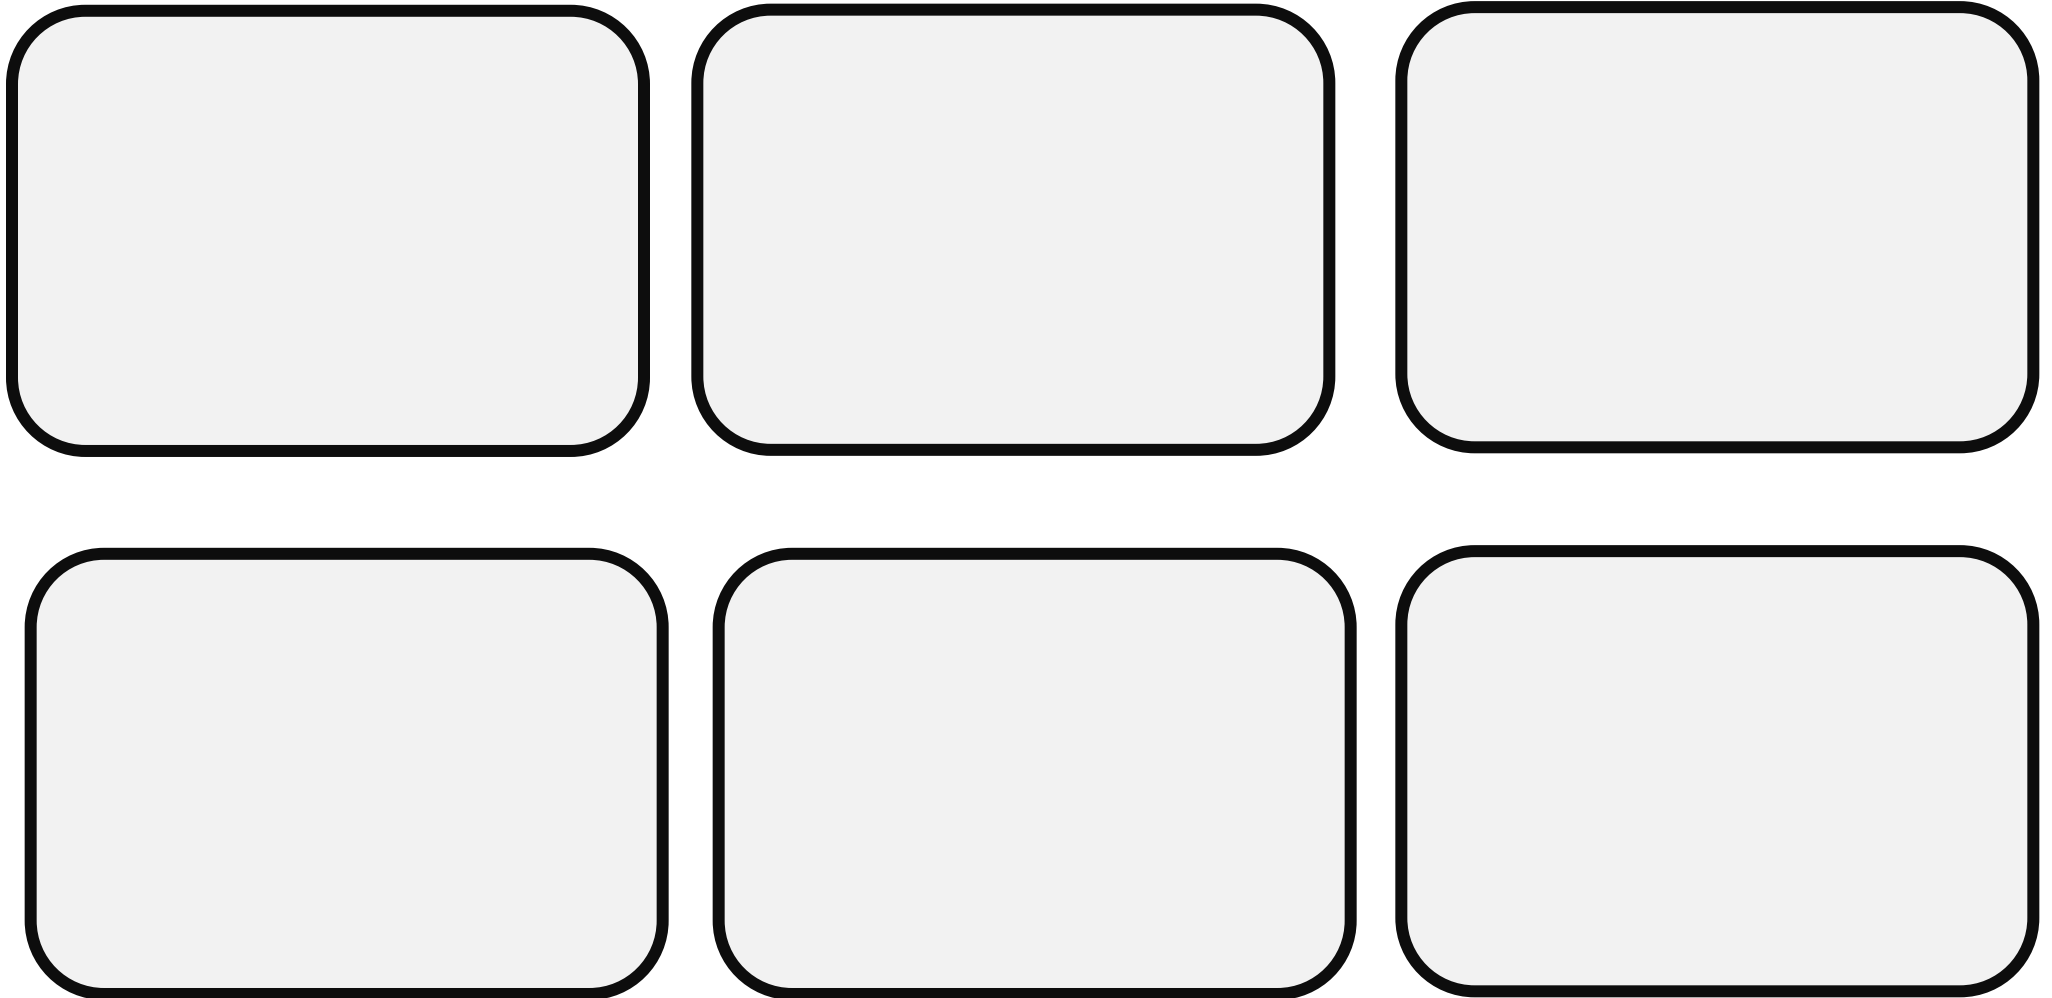

clothes, books in the boat for them.

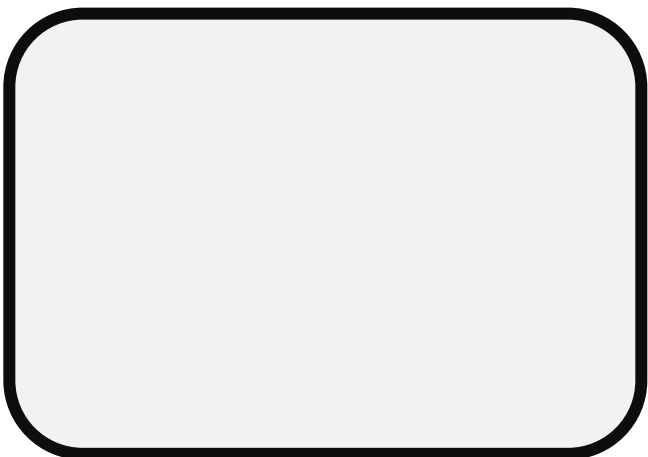

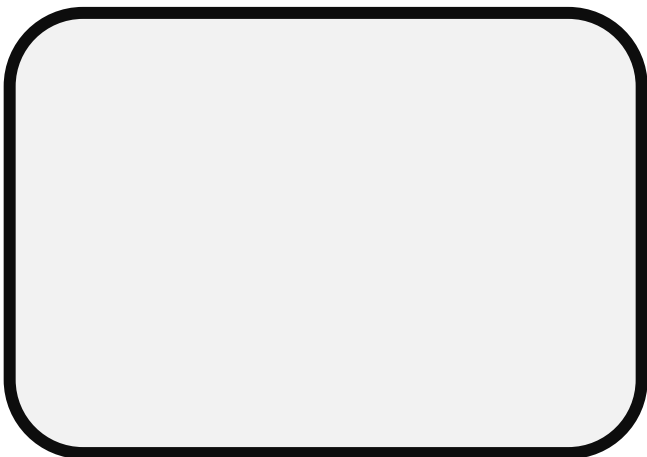

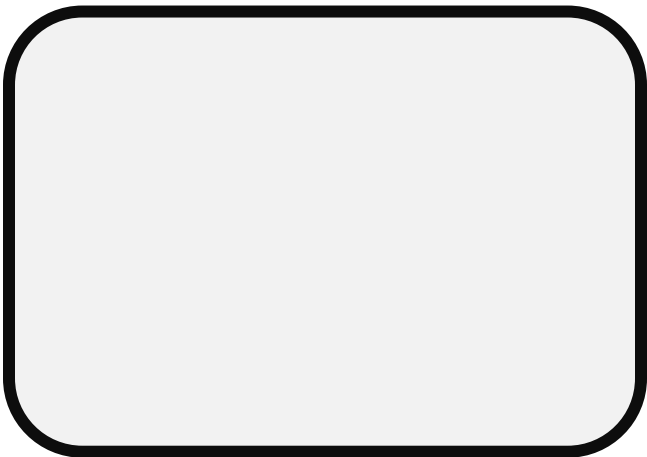

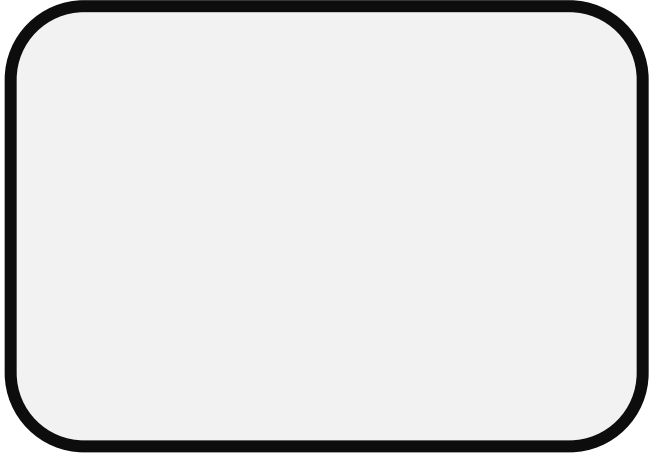

They arrive at an island.

They live there a long time.

Create a Comic Book Strip to Show the Story

A 2x3 grid of six empty comic book panels. Each panel is a light gray rounded rectangle with a thick black border, designed for drawing a comic strip.

What would the cover of the DVD or book look like? Think about the picture, the title and the colours.....

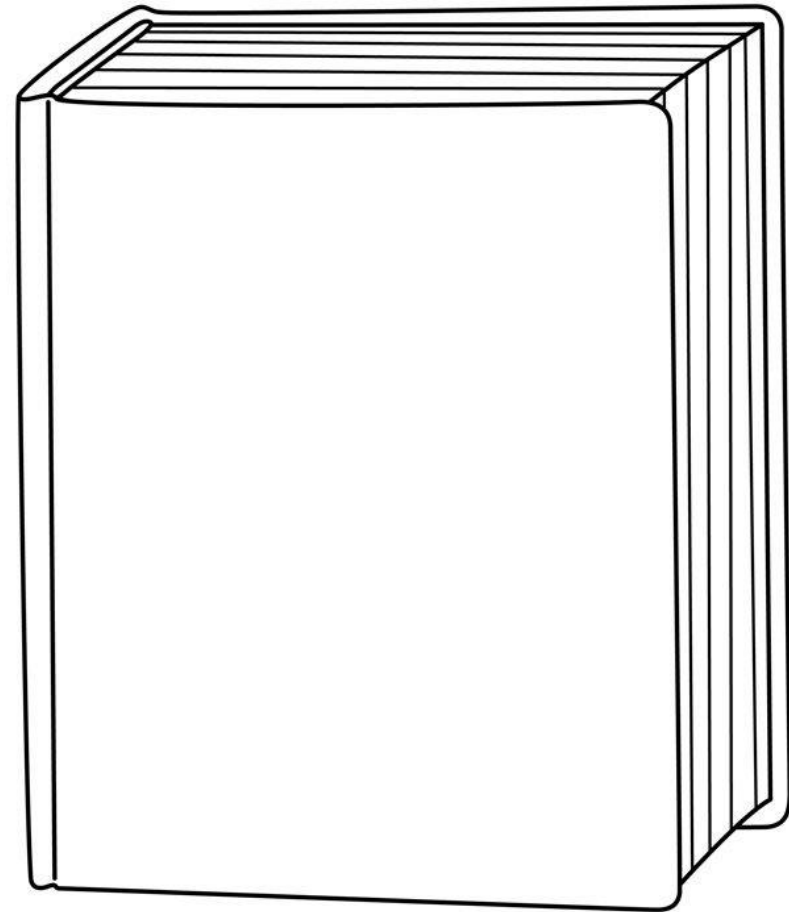

What would the picture be?

Would you have any words on there?

Would you have a write up on the back?

What style would you use for the letters?

What colours would you use?

Draw it on the next page

What do you think Prospero would say if he text his brother?
How would he feel about what he had done?
What would Sebastian text back?

What kind of things do you think they found on the island to eat? You can write about them or draw them.

They decide to write a letter in a bottle to see if someone will rescue them. What do they say in the letter?

Dear.....

From, Prospero and Miranda
