

COVID has not gone away

Regular testing is still vital
to keep everyone in this
prison safe

You can take a test at
home or at work

**Support your colleagues,
take a test**

Probation Service

Keep testing

to keep this prison
safe from COVID

Rapid LFD tests twice a week

PCR test once a week

Regardless of your vaccination status you can also take daily tests and still come to work if you have been in contact with a positive case
